Honorable Dillon Anderson
Special Assistant to the President
The White House

Dear Dillon:

Referring to the matter we discussed a few days ago, I believe I mentioned to you that [] dropped in to see me the other evening after a dinner he had here and I started him thinking along the lines of your suggestions. Following that, he sent me a day or two ago a speech by Mr. [] President of the company, with this note:

[] President of our Company, has summarized our views of the general economic situation in oil much better than I did a few evenings ago. I thought you might be interested in a copy of his talk, which is attached. "

I enclose a copy of [] speech. It does not quite cover the points we have in mind, but it may give us a chance to follow up with some more specific inquiries as to how we can best use this over-all asset in the world power struggle.

Sincerely,

SIGNED
